JEANNE SALMON

STITCHING & PITCHING

CRAFTY NIGHT OWL WITH THE GIFT OF THE GAB

About Me

I am an award winning Graphic Designer and crafty night owl. A world traveler and lover of the outdoors, I always seem to be crafting or making something, no matter where I am. My two older rescue dogs are my favorite studio collaborators, and my biggest cheerleaders. I am deeply inspired by vintage and antique design, and have a growing collection of advertising ephemera. I enjoy hand making my own photo props for graphic design projects, and finding effective, collaborative, and creative solutions when problem solving.

My mantra is simple: love life, travel far.

Fun Facts
